

CAREER

As a college student, it can be difficult to focus on anything other than your academics; but what about your career development? Where do you want to work after you graduate? If you don't know the answer to this question, that is totally normal and perfectly okay. Instead, try to focus on small ways to define your career goals and gain experience, so that when you graduate, you will be one step closer to getting your dream job.

Pre-Chapter Reflection:

How do you
define being
successful in
career
development?
